GET OUT IN NEW SOUTH WALES SCHEME

This set of 5 graded awards recognise and reward you for taking part in Scouting outdoor activities. These awards are for participation, rather than for showing a level of skill or competence.

- Camper Award – to show how many nights you have spent on camp as a Scout
- Walkabout Scout Award – to show how many kilometres you have walked as a Scout
- Region Activity Award – to show participation in your Scout Region's annual camping or hiking major event
- Jamboree Participation Award – in recognition of participation in an Australian Scout Jamboree.
- Jam-Packed Award – to show you have completed the preparation requirements to attend a jamboree over a twelve month period

All Awards are small cloth badges which can be worn above the flap of the left pocket of the uniform.

Only the highest award earned in the Camper Award, Region Activity Award and Walkabout Award is to be worn. If a Scout is one of the few lucky to attend two Jamborees then both Jamboree Awards may be worn. As these Awards are NSW Scout Section Awards, they will need to be removed after progression to Venturers or when moving Interstate.

Each event can only qualify for one Award. For example, participating in an overnight hike can only qualify for either Camper Award or Walkabout Scout Award, not both.

However, participating in or leading an Adventurer Level Campcraft Journey can qualify for either Camper Award or Walkabout Scout Award as well.

The Scout Leader and Troop Council in general can approve the Awards.

REGION ACTIVITY AWARD

The award is earned each time a Scout participates in a Regional major annual outdoor activity. The most recent award earned can be worn on the uniform.

Only one Regional Activity Award can be gained in any single calendar year. There are up to four Region Activity Badges to earn. Only the highest level gained is worn on the uniform.

Contact your Region Commissioner (Scouts) to find the details of the next major Region Event in your area.

Date Awards Presented:

Activity 1	<input type="text"/>	Activity 2	<input type="text"/>
Activity 3	<input type="text"/>	Activity 4	<input type="text"/>

JAMBOREE PARTICIPATION AWARD

Participants of a Jamboree may wear the 'Jamboree miniature' award after attending an Australian Jamboree as a Scout. This award is different from the larger Jamboree badge which is only worn on the uniform for up to 3 months following the Jamboree.

This award is earned by participating in an Australian Jamboree. Wearing the award is not conditional on achieving the Jamboree Award.

Most Scouts will only have one opportunity attend an Australian Jamboree. A relatively small number of Scouts will get the opportunity to attend 2 Australian Jamborees because of their age. If 2 Jamboree Participation Award are earned, both awards may be worn at the same time on the Uniform.

WALKABOUT SCOUT AWARD

The award is earned according to the number of kilometres a Scout hikes. "Hiking" means all walking as a Scout on Scout activities including day and overnight trips.

The minimum distance per hike for the first award is 3 Kilometres. The minimum distance for all other hikes is 10 kilometres. Canoe and bike hikes can also qualify but the distance travelled is doubled – i.e. a 20 kilometre bike hike counts as 10 kilometres.

There are five awards in the series. Each replaces the previous award earned and only the highest award qualified for is worn.

- 10 kilometres
- 50 kilometres
- 100 kilometres
- 150 kilometres
- 200 kilometres

Distances travelled over 200 kilometres are recognised in 50 kilometre increments with additional awards to indicate the total kilometres travelled.

A register of hike trips is provided on the following page. If additional pages are required copy this page and attach it to the first page. Enter the date and location of the trip, the type of trip, and the qualifying distance.

When the number of kilometres travelled reaches an Award level, the Award is then presented and recorded on the form.

Date Awards Presented:

10 kilometres	<input type="text"/>	50 kilometres	<input type="text"/>
100 kilometres	<input type="text"/>	150 kilometres	<input type="text"/>
200 kilometers	<input type="text"/>
